PROFILE

I am an LTTS certified cyber security specialist with a passion for web development and computer networks. With expertise in cyber security, I ensure the protection of systems and data from potential threats. Alongside technical skills, I possess excellent leadership abilities and maintain a calm and composed nature, allowing me to effectively guide teams and handle challenging situations. My diverse interest and knowledge in multiple domains make me a well-rounded professional in the field of technology.

PROJECTS

REAL TIME VEHICLE SUPPORT APPLICATION.

Mentor: Mrs.Sugantha Priyadarshini.S

March 2023

This is an application which helps people to do small mechanical works such as Puncture Support, Refilling Water fluid, Brake Oil Check..etc. with the real time guidance.

DETECTION OF REGIONS PRONE TO BOAT OVERTURNING.

Mrs.Sugantha Priyadarshini.S

July 2022

This is an application which helps people who go to the ocean (specifically for small boat users) to know about the weather conditions and the regions that are not appropriate for them to ride.AI/ML model has been used for prediction purposes.

SMART WATER AUTOMATION SYSTEM

Mrs.Sugantha Priyadarshini.S

Dec 2021

The gate valve of the household water tank is automated to close when there is no person in the house. The motive of the project is to save the water from the unaware open tap when no one is in the house.

ALCOHOL DETECTION SYSTEM IN CARS

Mentor : Mrs.Darling Jemima

Aug 2021

Detects whether a driver has consumed alcohol or not. If the driver has consumed alcohol the car won't start and then the car starts only if the driver hasn't consumed alcohol.This is a check system which initiates at the time of ignition start
